

## ÇARPMA İŞLEMİ

1. Etkinlik: Aşağıdaki nesne sayılarını örnekteki gibi önce toplama işlemiyle bulunuz. Sonra çarpma işlemiyle ifade ediniz.

a)

  
 $\boxed{2} + \boxed{2} + \boxed{2} = \boxed{6}$   
 $\boxed{3} \times \boxed{2} = \boxed{6}$

b)

  
 $\boxed{\dots} + \boxed{\dots} + \boxed{\dots} + \boxed{\dots} = \boxed{\dots}$   
 $\boxed{\dots} \times \boxed{\dots} = \boxed{\dots}$

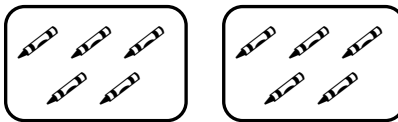

c)

  
 $\boxed{\dots} + \boxed{\dots} + \boxed{\dots} + \boxed{\dots} + \boxed{\dots} = \boxed{\dots}$   
 $\boxed{\dots} \times \boxed{\dots} = \boxed{\dots}$

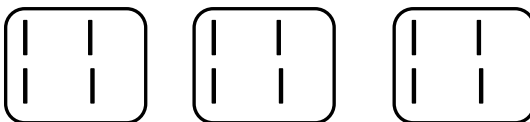

d)

  
 $\boxed{\dots} + \boxed{\dots} + \boxed{\dots} + \boxed{\dots} = \boxed{\dots}$   
 $\boxed{\dots} \times \boxed{\dots} = \boxed{\dots}$

e)

  
 $\boxed{\dots} + \boxed{\dots} = \boxed{\dots}$   
 $\boxed{\dots} \times \boxed{\dots} = \boxed{\dots}$

f)

  
 $\boxed{\dots} + \boxed{\dots} + \boxed{\dots} = \boxed{\dots}$   
 $\boxed{\dots} \times \boxed{\dots} = \boxed{\dots}$
