

Kelimeleri örnekte olduğu gibi hecelerine ayırarak yazalım.

elma

Diagram showing the word 'elma' split into two syllables: 'el' and 'ma'. Each syllable is represented by a box with a dashed line and a yellow background.

limon

Diagram showing the word 'limon' split into two syllables: 'li' and 'mon'. Each syllable is represented by a box with a dashed line and a yellow background.

ekmek

Diagram showing the word 'ekmek' split into two syllables: 'ek' and 'mek'. Each syllable is represented by a box with a dashed line and a yellow background.

Mine

Diagram showing the word 'Mine' split into two syllables: 'Mi' and 'ne'. Each syllable is represented by a box with a dashed line and a yellow background.

minik

Diagram showing the word 'minik' split into two syllables: 'mi' and 'nik'. Each syllable is represented by a box with a dashed line and a yellow background.

kilim

Diagram showing the word 'kilim' split into two syllables: 'ki' and 'lim'. Each syllable is represented by a box with a dashed line and a yellow background.

Kemal

Diagram showing the word 'Kemal' split into two syllables: 'Ke' and 'mal'. Each syllable is represented by a box with a dashed line and a yellow background.

kemik

Diagram showing the word 'kemik' split into two syllables: 'ke' and 'mik'. Each syllable is represented by a box with a dashed line and a yellow background.

kalem

Diagram showing the word 'kalem' split into two syllables: 'ka' and 'lem'. Each syllable is represented by a box with a dashed line and a yellow background.

Emel

Diagram showing the word 'Emel' split into two syllables: 'E' and 'mel'. Each syllable is represented by a box with a dashed line and a yellow background.

Kamil

Diagram showing the word 'Kamil' split into two syllables: 'Ka' and 'mil'. Each syllable is represented by a box with a dashed line and a yellow background.

keman

Diagram showing the word 'keman' split into two syllables: 'ke' and 'man'. Each syllable is represented by a box with a dashed line and a yellow background.

Emine

Diagram showing the word 'Emine' split into three syllables: 'E', 'mi', and 'ne'. Each syllable is represented by a box with a dashed line and a yellow background.

kelime

Diagram showing the word 'kelime' split into three syllables: 'ke', 'li', and 'me'. Each syllable is represented by a box with a dashed line and a yellow background.

emekli

Diagram showing the word 'emekli' split into three syllables: 'e', 'mek', and 'li'. Each syllable is represented by a box with a dashed line and a yellow background.

Melike

Diagram showing the word 'Melike' split into three syllables: 'Me', 'li', and 'ke'. Each syllable is represented by a box with a dashed line and a yellow background.

makine

Diagram showing the word 'makine' split into three syllables: 'ma', 'ki', and 'ne'. Each syllable is represented by a box with a dashed line and a yellow background.

inanma

Diagram showing the word 'inanma' split into three syllables: 'in', 'an', and 'ma'. Each syllable is represented by a box with a dashed line and a yellow background.

komiklik

Diagram showing the word 'komiklik' split into three syllables: 'ko', 'mi', and 'klik'. Each syllable is represented by a box with a dashed line and a yellow background.

ekmeklik

Diagram showing the word 'ekmeklik' split into three syllables: 'ek', 'mek', and 'lik'. Each syllable is represented by a box with a dashed line and a yellow background.

kalemlik

Diagram showing the word 'kalemlik' split into three syllables: 'ka', 'lem', and 'lik'. Each syllable is represented by a box with a dashed line and a yellow background.
