

Hafıza - Seviye1 Bölme Oyunu

Nasıl Oynanır?

- 18 adet kart karıştırılıp ters bir şekilde yere dizilir.
- 1.oyuncu rast gele 2 adet kartı çevirir, bölme işlemi ve sonucunu eşleştirmeye çalışır. Kartlar eşleşiyorsa çift kartı alır. Tekrar 2 kart açarak oyuna devam eder. Eşleşme sağlanamıyorsa kartları kapatır ve hamle sırası diğer oyuncuya geçer.
- Bu şekilde tüm kartlar eşleştirilinceye kadar oyun devam eder ve en fazla kart eşleştiren oyunu kazanmış olur.
- Seviye 1'de bölme işlemi ve sonucundaki kartlarda bulunan emojilerde de eşleşme sağlanabilmektedir.
- Oyun isteği için info@mebders.com adresinden iletişime geçebilirsiniz.
